

# APEX IT GROUP *Press Release*

## ***Apex IT Group, LLC (Pennsauken, NJ) Acquires On-Demand Technologies (Haddonfield, New Jersey)***

*January 2011, for Immediate Release*

*Apex IT Group, the leader in providing Managed & Professional IT Services to small and midsized businesses, announces the recent acquisition of On-Demand Technologies, a Managed Service Provider in the Philadelphia Region.*

**Pennsauken, NJ, January 13<sup>th</sup>, 2011** - "This acquisition was an excellent way to end our 2010 Fiscal Year and further solidifies our commitment to growth in the Philadelphia Region going into 2011" says George Mach, CEO of Apex IT Group. In 2010 – Apex IT Group emerged as the fastest growing IT (information technology) company in South Jersey by Rowan University and The Philadelphia Business Journal and one of the top 100 fastest growing private companies in the entire Philadelphia Region by The Wharton Small Business Development Center and The Entrepreneurs forum of Greater Philadelphia.

In addition to the acquisition, Apex IT Group welcomes Greg Froio, former President of On-Demand Technologies to serve as Vice President of Apex IT Group. Greg Froio brings with him more than 15 years of entrepreneurial and Information Technology experience. He will be responsible for overseeing Virtual CIO Services to Apex IT Group clients. "Together we are uniquely positioned to provide organizations with the most comprehensive set of solutions available to manage your technology. Although Apex IT Group and On Demand Technologies have had separate histories, we have always shared a common objective; to ensure absolute customer satisfaction," says Froio.

As always, Apex IT Group would like to thank our customers and employees for their continued loyalty and support.

### ***About Apex IT Group***

Apex IT Group is an innovative new breed of technology consultants which provides proven results. Apex offers managed service programs to help clients grow to their fullest potential. We identify and implement proactive solutions to cut costs, improve productivity and avoid downtime—so you can focus on your core business. Unlike many other technology consultants, we take the time to understand each client's business and how technology fits into that business, so we can objectively recommend solutions that address real strategic and operational needs. What's more, we take pride in our ability to offer small- to mid-sized companies in the Delaware Valley and beyond access to technology solutions that once were only available to Fortune 500 companies—solutions that offer excellent ROI as well as reliable performance for maximum peace of mind.
